

## **Aurora Sportsmen's Club Junior Rifle Course – 2012**

Once again ASC will hold a NRA Basic Rifle Course for juniors, (boys and girls – ages 10 through 20). This course will run for three consecutive Saturdays from 9:00 to 5:00 on April 14<sup>th</sup>, 21<sup>st</sup>, & 28<sup>th</sup>, 2011 at our facility in Waterman, Illinois.

This is an intense program consisting of classroom and live fire, with one-on-one instruction on the range, followed by a written exam. The majority of our students graduate, shooting at the NRA level of Sharpshooter with most on their way to achieving their Expert Qualification. Those in Scouting will also be able to complete their Rifle Shooting Merit Badge requirements.

There will be morning classroom sessions starting at 9am on each Saturday of the program. Students will receive coached shooting instruction on the range in the afternoon each week, or later in the year on Youth Shoot Days if needed to account for weather and schedules. Students are required to provide their own lunch, snacks, and beverages for the entire day along with their own transportation from the classroom to the range and back to the classroom to help with cleaning rifles following the afternoon shooting session. Rifle cleaning is a required part of the class as is attendance at the classroom session each Saturday.

The classroom for this course is the ASC Main Office, located at 7858 Preserve Road, just south of Waterman—between Waterman and Leland Roads. The range is off of Rueff Road, about ½ mile south of the classroom.

Class fee is \$60 and must be paid at the time of registration. We have a class size limitation of 20 students and fills up quickly.

### **Advanced Shooters**

There is an opportunity for those who have attended the class previously to continue practicing their marksmanship skills, making progress toward Expert Qualification and having the experience of live match competition. The advanced class has morning shooting sessions each (8:30am-12:30pm) shooting session each Saturday. The advanced class is expected to help with setup in the morning and can stay over to the afternoon to help coach beginners or continue shooting on a space & rifle available basis. Registration for all three advanced sessions is \$40, and is limited to 20 shooters. Registration for a single session is \$15 a day, on a space available basis—preference is given to those who attend all three advanced sessions.
